

Make Your Healthcare Wishes Known

Advance Care Planning

Select a **Healthcare Power of Attorney** to be the voice for your healthcare decisions if you cannot speak for yourself and/or create a **Living Will** that details the medical treatment you do/do not wish to receive at the end of your life.

Why complete an advance directive?

NO ONE can automatically make healthcare decisions for you, without a healthcare power of attorney. Only **YOU** can select a healthcare power of attorney as the person who makes healthcare decisions.

Call 715-236-6367 to schedule your **FREE Advance Care Planning** appointment with an **LMC Social Worker**.

Appointments are offered the **2nd Wednesday** of each month

#1 Choose a healthcare decision maker

#2 Schedule a free advance care planning appointment

#3 Talk to your healthcare provider about your wishes
